

FRESH FROZEN TULIP STOCK NOW READY

THOMAS TULIP WIRTS & CO., P.O. BOX 187 * * * COCOA, FLORIDA

The largest, pre-cooled Tulip bulb stock for late planting in Southern gardens and for pot forcing will be ready for shipment November 10 and later. Orders should be placed immediately. Pre-cooled bulbs will possible beautify tall, bell-stemmed Tulips such as the Deep Rose. Many tulips up to now have been considered rare. These tulips can be planted successfully in central and north Florida and throughout the South. Late planting — Mid-November and through December — is recommended and tulips should be planted deep, about 8", in partial shade. Pre-cooled bulbs should be planted promptly upon arrival. Stock will be kept in cold storage until shipment is requested. Color pictures will be furnished ahead of shipment for advance counter sales if requested. Be sure to specify if you want pre-cooled stock. Try storage stock also available for immediate delivery.

Stock quantities listed are per 1000; 100 or more per variety priced at the 1000 rate. If you order less than 100 per variety in the Darwin Tulips or less than 10 per variety in Parrot, Red Emperor or Late Flowering Double Tulips, add 10% for special packing.

LATE PLANTING QUANTITY DISCOUNTS: Take 10% on orders totaling \$100.00 up to \$150.00; 15% on orders \$250.00 up to \$500.00; 20% on orders \$500.00 and over.
